

As we begin 2023, it is not always easy to plan or prepare for what is to come in the months ahead. We don't always know what is around the corner.

What if, rather than a specific plan or a detailed map, what is more important is our values amid the changes of life? That it is less about our 5-year; 5-

month; 5-day plans and more about being present to the beautiful/broken present moment.

January 5, 12, 19, and 26 either in the Oasis Center or on Zoom from 4-5:30 p.m. You can attend all, or just the sessions you are able to make. Call the church office to RSVP.
